We provide network infrastructure services to ensure your business or home is equipped for the digital world. We can transform the effectiveness of your infrastructure using our bespoke services, designed for your business requirements.

Originally set up as Camrascan and Cambridge Online Cabling, the two companies merged in 2018 to form Articulate and with over X year's of experience, still operates with the same principle of "Customer Service" underpinning all its many core activities. With the addition and reassurance of dedicated support, we are able to offer customers total network solutions for projects across technologies and market sectors.

OUR CUSTOMER JOURNEY

At Articulate our goal is to provide excellent customer service.

We provide help and guidance every step of the way to ensure you get the solution that is right for you. Here is how the process of working with Articulate works.

We offer a range of industry solutions:

**BANKING
RETAIL
EDUCATION
HEALTHCARE
MANUFACTURING
LOCAL AUTHORITY
LEISURE
ARCHITECT & SECURITY
M&E CONTRACTORS OUR TEAM**

Contact us and we'll arrange for one of our experts to speak with you, they will listen to your requirements and organise an on-site assessment.

Our team of engineers will visit your site to gain a better understanding of your requirements and the logistics of achieving them.

We will produce a quote with our recommended solution, setting out the all the required work for you to consider. We will be happy to meet to discuss further before installation begins.

Once you are happy with the recommendations and approve the quote, our team of experienced engineers will undertake the installation.
